For Step Fletcher, his pregnant wife DeAnne, and their three children, the move to tiny Steuben, North Carolina, offers new hope and a new beginning. But from the first, eight-year-old Stevie's life there is an unending parade of misery and disaster. Cruelly ostracized at his school, Stevie retreats further and further into himself -- and into a strange computer game and a group of imaginary friends. But there is something eerie about his loyal, invisible new playmates: each shares the name of a child who has recently vanished from the sleepy Southern town. And terror grows for Step and DeAnne as the truth slowly unfolds. For their son has found something savagely evil ... and it's coming for Stevie next. A woman commits suicide for no apparent reason. A week later, her son—beautiful, troubled fifteen-year-old Mark Underhill—vanishes from the face of the earth. To his uncle, horror novelist Timothy Underhill, Mark's inexplicable absence feels like a second death. After his sister-in-law's funeral, Tim searches his hometown of Millhaven for clues that might help him unravel this mystery of death and disappearance. He soon learns that a pedophilic murderer is on the loose in the vicinity, and that shortly before his mother's suicide Mark had become obsessed with an abandoned house where he imagined the killer might have taken refuge. No mere empty building, the house on Michigan Street whispers from attic to basement with the echoes of a long-hidden true-life horror story, and Tim Underhill comes to fear that in investigating its unspeakable history, Mark stumbled across its last and greatest secret: a ghostly lost girl who may have coaxed the needy, suggestible boy into her mysterious domain. With lost boy lost girl, Peter Straub affirms once again that he is the master of literary horror. All children, except one, grow up. They soon know that they will grow up, and the way Wendy knew was this. One day when she was two years old she was playing in a garden, and she plucked another flower and ran with it to her mother. I suppose she must have looked rather delightful, for Mrs. Darling put her hand to her heart and cried, "Oh, why can't you remain like this for ever!" This was all that passed between them on the subject, but henceforth Wendy knew that she must grow up. You always know after you are two. Two is the beginning of the end. In 2000 the United States began accepting 3,800 refugees from one of Africa's longest civil wars. They were just some of the thousands of young men, known as "Lost Boys," who had been orphaned or otherwise separated from their families in the chaos of a brutal conflict that has ravaged Sudan since 1983. The Lost Boys of Sudan focuses on four of these refugees. Theirs, however, is a typical story, one that repeated itself wherever the Lost Boys could be found across America. Jacob Magot, Peter Anyang, Daniel Khoch, and Marko Ayii were among 150 or so Lost Boys who were resettled in Atlanta. Like most of their fellow refugees, they had never before turned on a light switch, used a kitchen appliance, or ridden in a car or subway train—much less held a job or balanced a checkbook. We relive their early excitement and disorientation, their growing despondency over fruitless job searches, adjustments they faced upon finally entering the workforce, their experiences of post-9/11 xenophobia, and their undying dreams of acquiring an education. As we immerse ourselves in the Lost Boys' daily lives, we also get to know the social services professionals and volunteers, celebrities, community leaders, and others who guided them—with occasional detours—toward self-sufficiency. Along the way author Mark Bixler looks closely at the ins and outs of U.S. refugee policy, the politics of international aid, the history of Sudan, and the radical Islamist underpinnings of its government. America is home to more foreign-born residents than ever before; the Lost Boys have repaid that gift in full through their example of unflagging resolve, hope, and faith. Sudanese Garang is eight when he returns to his village and finds that everything has been destroyed. Soon, Garang meets other boys whose villages have been attacked and they unite, walking hundreds of miles to safety - first in Ethiopia then in Kenya. The boys face numerous hardships along the way, but their faith and mutual support help keep the hope of finding a new home alive in their hearts. Based on heartbreaking yet inspirational true events, this is a story of remarkable and enduring courage, and an amazing testament to the unyielding power of the spirit. One of thousands of children who fled strife in southern Sudan, John Bul Dau survived hunger, exhaustion, and violence. His wife, Martha, endured similar hardships. In this memorable book, the two convey the best of African values while relating searing accounts of famine and war. There's warmth as well, in their humorous tales of adapting to American life. For its importance as a primary source, for its inclusion of the rarely told female perspective of Sudan's lost children, for its celebration of human resilience, this is the perfect story to inform and inspire young readers. Imagine a young boy who has never had a loving home. His only possessions are the old, torn clothes he carries in a paper bag. The only world he knows is one of isolation and fear. Although others had rescued this boy from his abusive alcoholic mother, his real hurt is just beginning -- he has no place to call home. This is Dave Pelzer's long-awaited sequel to A Child Called "It". In The Lost Boy, he answers questions and reveals new adventures through the compelling story of his life as an adolescent. Now considered an F-Child (Foster Child), Dave is moved in and out of five different homes. He suffers shame and experiences resentment from those who feel that all foster kids are trouble and unworthy of being loved just because they are not part of a "real" family. Tears, laughter, devastation and hope create the journey of this little lost boy who searches desperately for just one thing -- the love of a family. It was 1969. War and protest rattled the nation while the troops marched on. The warships set sail. For coming-of-age American boys, death seemed one hill away. By then, nearly 300 of them were coming home in boxes each week. They were young men caught in a war machine, one of chance, circumstance, and misfortune. In a tragedy of just the same, lost in the turmoil of what would become America's most unpopular war, lies a story buried 1,100 fathoms deep in the blue waters off Vietnam. In the middle of a dark night off the coast of Vietnam on June 3, 1969, the USS Frank E. Evans is rammed by a ship ten times her size, sending her forward half to the bottom of the South China Sea and into oblivion. Seventy-four Americans are killed in this mysterious collision. Three brothers from a small town in Nebraska are gone, as is the son of a chief who barely survived. Only one body is ever found. The truth is confined to a footnote of the Vietnam War. Buried in obscurity even today, as the 74 names of those killed are not on the Vietnam Wall in Washington, D.C. In American Boys, journalist Louise Esola has uncovered and assembled a powerful rebuttal, putting the ship and her men in the time and place that was Vietnam. Groundbreaking and astonishing in scope and intimate details, American Boys is a story of heartbreak and perseverance. It's the story of a shattering injustice, of love and healing, and of a great generation of those who fought and lost yet vowed to never forget, though their nation has. When the Sudanese civil war reaches his village in 1985, 11-year-old Salva becomes separated from his family and must walk with other Dinka tribe members through southern Sudan, Ethiopia and Kenya in search of safe haven. Based on the life of Salva Dut, who, after emigrating to America in 1996, began a project to dig water wells in Sudan. By a Newbery Medal-winning author. Set in 1982, this gripping debut tells the unforgettable story of a child soldier swept up in the Iran-Iraq War--and the gift that helps him survive. Deep in a mystical wood, four clans of boys live in treehouses, their story lost in time and their pasts buried with it. Leonardo is a member of Raven Clan, the boldest and fiercest of the four clans. When clan hostilities erupt into a fully-fledged war, Leonardo

is forced to make a choice that will determine the fate of everyone he cares about. What Is the What is the story of Valentino Achak Deng, a refugee in war-ravaged southern Sudan who flees from his village in the mid-1980s and becomes one of the so-called Lost Boys. Valentino's travels bring him in contact with enemy soldiers, with liberation rebels, with hyenas and lions, with disease and starvation, and with deadly murahaleen (militias on horseback)—the same sort who currently terrorize Darfur. Eventually Deng is resettled in the United States with almost 4000 other young Sudanese men, and a very different struggle begins. Based closely on true experiences, What Is the What is heartbreaking and arresting, filled with adventure, suspense, tragedy, and, finally, triumph. "[A] riveting account of a fishing boat and its four young crewman lost at sea in 1984 off the coast of Montauk in eastern Long Island—a "fishing town with a drinking problem," as the locals have it—and the stunning repercussions of that loss for the families and friends of the four missing men and, indeed, the entire storied summer community of the Hamptons"— This literary biography is "a story of obsession and the search for pure childhood . . . Moving, charming, a revelation" (Los Angeles Times). J. M. Barrie, Victorian novelist, playwright, and author of Peter Pan, or The Boy Who Wouldn't Grow Up, led a life almost as interesting as his famous creation. Childless in his marriage, Barrie grew close to the five young boys of the Davies family, ultimately becoming their guardian and surrogate father when they were orphaned. Andrew Birkin draws extensively on a vast range of material by and about Barrie, including notebooks, memoirs, and hours of recorded interviews with the family and their circle, to describe Barrie's life, the tragedies that shaped him, and the wonderful world of imagination he created for the boys. Updated with a new preface and including photos and illustrations, this "absolutely gripping" read reveals the dramatic story behind one of the classics of children's literature (Evening Standard). "A psychological thriller . . . One of the year's most complex and absorbing biographies." —Time "[A] fascinating story." —The Washington Post From South America and Africa, kids as young as 13 are leaving poverty-stricken families for a new life in Europe, having been sold the vision of untold riches and the trappings of professional football. This is football's slave trade - the beautiful game turned ugly. Talent-spotted by scouts, these kids are told they could be 'the next big thing'. But the reality is very different. Having spent their family's life savings to join a much-hyped academy, they soon discover the academies barely exist and that they have been exploited. Only a tiny percentage of the hopefuls are chosen just to be coached for the slim chance of a professional contract; the rest are abandoned. With no money to go home - let alone the confidence to face their heartbroken families - the Lost Boys find themselves stuck in the country they have been trafficked to, with crime often their only means of survival. From the author of Bookie Gambler Fixer Spy (shortlisted for the William Hill Sports Book of the Year award and Wisden Cricketer's Almanack 2013's book of the year), The Lost Boys exposes for the first time the anatomy of football's human-trafficking scandal, the extent of the abuse, and how it ruins lives and threatens the credibility of the sport. With unique access to a charity trying to rescue and repatriate the children and a special investigative unit set up to stem the problem, Ed Hawkins gets under the fingernails of one of the most serious and heart-rending issues in sport today. Lost Boys is investigative journalism at its best: shocking, moving, and hoping to make a real difference. Three boys meet in the worst way: fleeing the horrors of war. And as they team up on a perilous journey to a refugee camp, they exchange heroic survival stories, song and even laughter. Thus begins an extraordinary passage that eventually takes three boys of the Dinka tribe to, of all places, Fargo, North Dakota, where drought, crocodiles and guerrillas are replaced by malls, video games, and Skittles. "Much as, say, Sofia Coppola's Lost in Translation was an excellent movie about jet lag, this is an excellent play about culture shock. And about making your way as a stranger in a strange land. Like the Coen brothers (who love this same human and physical landscape), Carter satirizes the good people of the Upper Midwest while celebrating their fundamental decency" -Chris Jones, The Chicago Tribune "Several tall, young, slender African men bearing beaming smiles and the slightest hint of ritual scars on their foreheads strolled through the lobby of the Victory Gardens Theater on Sunday night. They were the real 'lost boys' of Sudan - victims of the horrific civil wars that raged in that enormous, oil-rich country from 1983 to 2005, leaving the population decimated. Now twentysomething, and residents of Chicago, the men had come to watch playwright Lonnie Carter's immensely imaginative, linguistically dizzying, tragicomic rendering of their history. To be sure, it's a fantasia rather than a documentary, but one that captures the essence of their experiences in a uniquely theatrical way." -Hedy Weiss, Chicago Sun-Times "THE LOST BOYS OF SUDAN turns out to be more joyous than the title might suggest ... theater sometimes can do what documentaries sometimes can't - tell stories with the power of poetry, metaphor and music ... all the musical language in Lonnie Carter's script. There's a palpable sense of magical realism in his play." -David Hawley, Pioneer Press (Minneapolis) "Playwright Carter says that his script is 'hip-hop infused,' and it is, at times. But mostly, I felt it was in the great tradition of English verse that moves from Shakespeare and Marlowe to Ntozake Shange and beyond." -Paul Thompson, BroadwayWorld.com In the first book to help parents truly understand youth violence and stop it before it explodes, national expert Dr. James Garbarino reveals how to identify children who are at risk and offers proven methods to prevent aggressive behavior. After more than a decade of relentless increase in the urban war zones of large cities, violence by young boys and adolescents is on the rise in our suburbs, small towns, and rural communities. Twenty-five years as a psychologist working in the trenches with such children has convinced James Garbarino that boys everywhere really are angrier and more violent than ever before. In light of the recent school-based shootings, it's now clear that no matter where we live or how hard we try as parents, chances are our children are going to school with troubled boys capable of getting guns and pulling triggers. Beyond the deaths and debilitating injuries that result from this phenomenon are the staggering psychological costs -- children who are afraid to go to school, teachers who are afraid of their students, and parents who fear for their children's lives. Building on his pioneering work, Garbarino shows why young men and boys have become increasingly vulnerable to violent crime and how lack of adult supervision and support poses a real and growing threat to our children's basic safety. For these vulnerable boys, violence can become normal, the "right thing to do." Terry, one of the boys Garbarino interviews, says "I just wasn't gonna take it anymore. I knew I would have to pay the price for what I did, but I didn't care." We've seen how the deadly combination of ignoring excessively bad behavior and allowing easy access to guns has destroyed families in Pennsylvania, Oregon, New York, Washington, Kentucky, and Arkansas. Fortunately, parents can spot troubled boys and take steps to protect their families from violence if they know what signs to look for -- lack of connection, masking emotions, withdrawal, silence, rage, trouble with friends, hypervigilance, cruelty toward other children and even animals -- all warning signs that every parent and peer can recognize and report. Dr. Garbarino, whom Dr. Stanley Greenspan of the National Institute of Mental Health hails as "one of the true pioneers in our understanding of the inner life of our youth," addresses the wide range of issues that boys of every temperament and from every background may have to confront as they grow and develop. By outlining the steps parents, teachers, and public officials can take to keep all children safer, Dr. Garbarino holds out hope and solutions for turning our kids away from violence, before it is too late. This is one of the most important and original books ever written about boys. Offers the true story of a Sudanese boy who, through unyielding faith, overcame a wartorn nation to become an American citizen and an Olympic contender. Air suddenly appears at Mizuki's window one evening, forcibly transporting him to Neverland. As he spends time with Air, however, Mizuki is gradually charmed by his boyish innocence, and the two fall in love. In the end, Mizuki decides to return to the real world, but tells Air that he will always leave the window open for him. In the polygamous Fundamentalist Church of Jesus Christ of Latter-day Saints (FLDS), girls can become valuable property as plural wives, but boys are expendable, even a liability. In this powerful and heartbreaking account, former FLDS member Brent Jeffs reveals both the terror and the love he experienced growing up on his prophet's compound—and the harsh exile existence that so many boys face once they have been expelled by the sect. Brent Jeffs is the nephew of Warren Jeffs, the imprisoned leader of the FLDS. The son of a prominent family in the church, Brent could have grown up to have multiple wives of his own and significant power in the 10,000-strong community. But he knew that behind the group's pious public image—women in chaste dresses carrying babies on their hips—lay a much darker reality. So he walked away, and was the first to file a sexual-abuse lawsuit against his uncle. Now Brent shares his courageous story and that of many other young men who have become "lost boys" when they leave the FLDS, either by choice or by expulsion. Brent experienced firsthand the absolute power that church leaders wield—the kind of power that corrupts and perverts those who will do anything to maintain it. Once young men no longer belong to the church, they are cast out into a world for which they are utterly unprepared. More often than not, they succumb to the temptations of alcohol and other drugs. Tragically, Brent lost two of his brothers in this struggle, one to suicide, the other to overdose. In this book he shows that lost boys can triumph and that abuse and trauma can be overcome, and he hopes that readers will be inspired to help former FLDS members find their way in the world. My Lost Childhood is a memoir describing immeasurable suffering the author

went through in his early childhood. In the late 1980s, the Islamic government began to systematically torture and kill Southern Sudanese families, burn their villages, and enslave young boys and girls. As a result, an approximately, as numbers are largely unknown and only an estimate, 27,000 plus boys from Southern tribes were forced to flee from their homes. Traveling naked and barefoot, they sought refuge in neighboring Fugnido, Ethiopia, where a few years later they were forced to flee yet another civil war. Returning to Sudan, the Islamic government forced them to travel for another five months, ultimately arriving in Kakuma, Kenya, after four years of unthinkable hardship and walking over thousands of miles naked, barefoot, and ailing from starvation, dehydration, and diseases. Many boys perished along the way and their numbers shrank into few thousands. Abraham Deng Ater, separated from his family in 1987, is one of approximately 3,800 boys now known as the Lost Boys of Sudan. He left Kakuma Refugee Camp in Kenya after several years of massive suffering and was granted refuge in the U.S. in 2001. Many Lost Boys including Abraham have since become U.S. citizens and have continued to pursue their education. Thousands more have also been granted refuge elsewhere and are scattered around the globe. Lost Boys Of Sudan. During the Second Sudanese Civil war, thousands of South Sudanese boys were displaced from their villages or orphaned in attacks from northern government troops. Many became refugees in Ethiopia. There, in 1989, teacher and community leader Mecak Ajang Alaak assumed care of the Lost Boys in a bid to protect them from becoming child soldiers. So began a four year journey from Ethiopia to Sudan and on to the safety of a Kenyan refugee camp. Together they endured starvation, animal attacks, and the horrors of land mines and aerial bombardments. This eyewitness account by Mecak Ajang Alaak's son, Yuot, is the extraordinary true story of a man who never ceased to believe that the pen is mightier than the gun. "You're in our world now, Princess. You're ours." I don't belong here. I'm the girl from the right side of the tracks--only in this world, that makes me the enemy. And no one hates me more than the Lost Boys. Beautiful. Dangerous. Cruel. They own this school. And now they want to own me too. They promise to protect me, but I know that's a lie. They want to break me, they want to make me pay for my father's sins, and even though I'm forced to accept their bargain to survive, I won't let them win. If Bishop, Misael, and Kace think I'll break easily...they better think again. Because even a princess can grow claws. This is the first book in the Slateview High series, a reverse harem bully romance. It contains mature themes and is intended for readers 18+. An investigative history of one of social psychology's classic--and most controversial--studies: the Robbers Cave experiment Interviews with ex-members of the New York street gang made famous in the 1960s film "The Wanderers." In the First World War of 1914?1918, thousands of boys across Australia and New Zealand lied about their age, forged a parent's signature and left to fight on the other side of the world. Though some were as young as thirteen, they soon found they could die as well as any man. Like Peter Pan's lost boys, they have remained forever young. These are their stories. This extraordinary book captures the incredible and previously untold stories of forty Anzac boys who fought in the First World War, from Gallipoli to the Armistice. Featuring haunting images of the boys taken at training camps and behind the lines, these tales are both heartbreaking and rousing, full of daring, ingenuity, recklessness, random horror and capricious luck. A unique perspective on the First World War, The Lost Boys is military history made deeply personal, a powerful homage to youthful bravery and a poignant reminder of the sacrifice of war. As a fictional Peter Pan mentored and guided the Lost Boys of Neverland, our mostly fatherless youth of today are being guided by a "new" Pan-the Pan of emotional trauma, fueled by dysfunctional or missing relationships. That trauma is underlined by a role model of media sources that ignites and guides the choices, decisions, and lives of today's youth. This sequel to "My Father, This Side of Heaven" takes a candid, "behind the scenes" look at the new generation of fatherless sons struggling to find their way. "Remarkable. What sets Lost Boys apart from the ordinary lament is the author's palpable sense of care and compassion."--The Washington Post Book World Our national consciousness has been altered by haunting images of mass slaughters in American high schools, carried out by troubled young boys with guns. It's now clear that no matter where we live or how hard we try as parents, our children are likely to be going to school with boys who are capable of getting guns and pulling triggers. What has caused teen violence to spread from the urban war-zones of large cities right into the country's heartland? And what can we do to stop this terrifying trend? James Garbarino, Ph.D., Cornell University professor and nationally noted psychologist, insists that there are things that we, both as individuals and as a society, can do. In a richly anecdotal style he outlines warning signs that parents and teachers can recognize, and suggests steps that can be taken to turn angry and unhappy boys away from violent action. Full of insight, vivid individual portraits, practical advice and considered hope, this is one of the most important and original books ever written about boys. Janet Moodie has spent years as a death row appeals attorney. Overworked and recently widowed, she's had her fill of hopeless cases, and is determined that this will be her last. Her client is Marion 'Andy' Hardy, convicted along with his brother Emory of the rape and murder of two women. But Emory received a life sentence while Andy got the death penalty, labeled the ringleader despite his low IQ and Emory's dominant personality. Convinced that Andy's previous lawyers missed mitigating evidence that would have kept him off death row, Janet investigates Andy's past. She discovers a sordid and damaged upbringing, a series of errors on the part of his previous counsel, and most worrying of all, the possibility that there is far more to the murders than was first thought. Andy may be guilty, but does he deserve to die? From the national bestselling author of The Mermaid comes a mind-bending novel inspired by the twisted and wondrous works of Lewis Carroll... In a warren of crumbling buildings and desperate people called the Old City, there stands a hospital with cinderblock walls which echo the screams of the poor souls inside. In the hospital, there is a woman. Her hair, once blond, hangs in tangles down her back. She doesn't remember why she's in such a terrible place. Just a tea party long ago, and long ears, and blood... Then, one night, a fire at the hospital gives the woman a chance to escape, tumbling out of the hole that imprisoned her, leaving her free to uncover the truth about what happened to her all those years ago. Only something else has escaped with her. Something dark. Something powerful. And to find the truth, she will have to track this beast to the very heart of the Old City, where the rabbit waits for his Alice. A stunning literary survival story of three young Sudanese boys, two brothers and a cousin--hailed by the Los Angeles Times as a "moving, beautifully written account, by turns warm and tender." Between 1987 and 1989, Alepho, Benjamin, and Benson, like tens of thousands of young boys, took flight from the massacres of Sudan's civil war. They became known as the Lost Boys. With little more than the clothes on their backs, sometimes not even that, they streamed out over Sudan in search of refuge. Their journey led them first to Ethiopia and then, driven back into Sudan, toward Kenya. They walked nearly one thousand miles, sustained only by the sheer will to live. They Poured Fire on Us from the Sky is the three boys' account of that unimaginable journey. With the candor and the purity of their child's-eye-vision, Alephonsian, Benjamin, and Benson recall by turns: how they endured the hunger and strength-sapping illnesses--dysentery, malaria, and yellow fever; how they dodged the life-threatening predators--lions, snakes, crocodiles and soldiers alike--that dogged their footsteps; and how they grappled with a war that threatened continually to overwhelm them. Their story is a lyrical, captivating, timeless portrait of a childhood hurled into wartime and how they had the good fortune and belief in themselves to survive. Paul Deng Kur was only a young child when he was separated from his parents during the Sudanese Civil War, like many of his cousins and fellow Lost Boys of South Sudan. The Lost Boys and Girls of South Sudan came from various communities, localities, and tribes across South Sudan. But while their stories are just as diverse, their suffering was universal. Amidst this unrest, Deng spent months wandering through the jungle of South Sudan as the war ravaged his village. For children, life was entirely unpredictable, and many of his cousins and friends perished during the crisis. Not knowing whether their families were alive or dead, orphans banded together in groups. At six years old, Deng had already buried several of his cousins, and death seemed inevitable. In an effort to protect himself, he became a soldier in the Sudan People's Liberation Army at age eight, alongside many other vulnerable children. Over time, he would escape from refugee camps multiple times in order to rejoin the SPLA, hoping desperately to avenge his family. Children like Deng preferred to die for a cause rather than wither away in a camp. Now, many years later, Paul Deng Kur has confronted this horrific past by sharing his story - the story of a devastated boy haunted by war and death. Out of The Impossible reflects on the life he endured and how it continues to shape his life today. It is a painful journey, but he hopes that by sharing that pain with you - a pain that he has held onto for so long - he can show you how pain can make you stronger if you can find the strength and faith to persevere through it. In this powerful graphic novel, four child refugees from Sudan's civil wars recount their unforgettable story of survival and escape. We were young boys when war broke out in our country. We had been living peacefully with our families in different villages. Then the armies from the north attacked, and we ran for our lives. We escaped with hundreds of other young boys, running from the dangers we had just seen into dangers we had never witnessed before. We kept each other alive as we fled to freedom. This book is the record of our escape. Based on extensive interviews with four

Lost Boys—Angelo Akol, Santino Athian, Matthew Mabek, and Michael Ngor—this graphic novel is a stunning account of survival in the face of genocide. At age 14, author Justin Rollins went from being a bullied child to the leader of The Warriorz, a group of London street kids involved in graffiti tagging and other crimes, including a series of violent encounters. Eventually given a substantial custodial sentence for an attack with a meat cleaver in the London Underground, Rollins became determined to steer other young people away from such a life. The Lost Boyz tells the story of Rollins' descent into a form of madness, in which self-destruction, anger, wanton behavior, and fear reside at the core. Never has a book taken the reader so far inside the minds of troubled youths who gradually realize that there is no easy escape from their chaotic lifestyle. Their need - to gain respect from and stay credible with each other - stems from offending, alienation, living on the margins of society, and crazy behavior, all of which serve as barriers to rejoining the normal world and going straight. The book contains countless lessons for young From the national bestselling author of Alice comes a familiar story with a dark hook—a tale about Peter Pan and the friend who became his nemesis, a nemesis who may not be the blackhearted villain Peter says he is... There is one version of my story that everyone knows. And then there is the truth. This is how it happened. How I went from being Peter Pan's first—and favorite—lost boy to his greatest enemy. Peter brought me to his island because there were no rules and no grownups to make us mind. He brought boys from the Other Place to join in the fun, but Peter's idea of fun is sharper than a pirate's sword. Because it's never been all fun and games on the island. Our neighbors are pirates and monsters. Our toys are knife and stick and rock—the kinds of playthings that bite. Peter promised we would all be young and happy forever. Peter lies. Perfect for fans of the NYT bestseller Sold on a Monday, this Southern historical novel based on the true story of a boy's mysterious disappearance examines despair, loyalty, and the nature of truth. In 1913, on a summer's day at Half Moon Lake, Louisiana, four-year-old Sonny Davenport walks into the woods and never returns. The boy's mysterious disappearance from the family's lake house makes front-page news in their home town of Opelousas. John Henry and Mary Davenport are wealthy and influential, and will do anything to find their son. For two years, the Davenports search across the South, offer increasingly large rewards and struggle not to give in to despair. Then, at the moment when all hope seems lost, the boy is found in the company of a tramp. But is he truly Sonny Davenport? The circumstances of his discovery raise more questions than answers. And when Grace Mill, an unwed farm worker, travels from Alabama to lay claim to the child, newspapers, townsfolk, even the Davenports' own friends, take sides. As the tramp's kidnapping trial begins, and two desperate mothers fight for ownership of the boy, the people of Opelousas discover that truth is more complicated than they'd ever dreamed. Lost Boy No More tells the incredible true story of Abraham Nhial—but the story is not his alone. As a nine year-old child, Abraham found himself orphaned as civil war in his homeland of Sudan ravaged his entire village because they refused to embrace Islam. His journey is one of a perilous walk along with 35,000 lost boys of Sudan who fled to Ethiopia. Abraham and others like him made it to the border but hard times were not over as he endured the refugee camps of Ethiopia. Abraham becomes a lost boy no more when he discovers real salvation through Jesus Christ. Lost Boy No More gives more than a narrative of Abraham's story. It also gives a history of Sudan and the persecution of Christians by Islamic militants.
