Far from the Madding Crowd Feb 26 2023 Far From the Madding Crowd, published in 1874, is the book that made Hardy famous. Bathsheba Everdene is a prosperous farmer in Hardy's fictional Wessex county whose strong-minded independence and vanity lead to disastrous consequences for her and the three very different men who pursue her: the obsessed farmer William Boldwood, dashing and seductive Sergeant Frank Troy, and the devoted shepherd Gabriel Oak. Despite the violent ends of several of its major characters, *Far from the Madding Crowd* is the sunniest and least brooding of Hardy's great novels, as Bathsheba and her suitors move through a beautifully realized late-nineteenth-century agrarian landscape that is still almost untouched by the industrial revolution and the encroachment of modern life. With an introduction by Michael Slater

Far from the Madding Crowd Jun 25 2020 Thomas Hardy's fourth novel, "Far from the Madding Crowd," is a classic portrayal of 19th-century rural English life. It is the story of Gabriel Oak, a would-be shepherd, who falls for Bathsheba Everdene, a vain young woman, who comes to live with her aunt and uncle in the country. A set of unfortunate circumstances brings Gabriel into the employment of Bathsheba, an awkward situation given that she has already refused his offer of marriage. Bathsheba has no shortage of suitors. Amongst them include William Boldwood, a wealthy middle-aged farmer, whose affection she toys with, and Sergeant Francis Troy, a dashing young soldier whom she eventually marries. She soon learns that Francis is a thoughtless gambler with little interest in farming and likely does not really love her. The struggles of the heart are brilliantly depicted in this masterpiece of romantic literature as Bathsheba wrestles with the quest for true love versus the choice of a compatible match. A tragic tale of love, "Far from the Madding Crowd" is one the greatest romantic novels ever written, rich with the emotion and pathos that is characteristic of Thomas Hardy's work. This edition is printed on premium acid-free paper and includes an introduction by William T. Brewster.

Far from the Madding Crowd by Thomas Hardy Annotated Apr 04 2021 You remember the story of Goldilocks and the Three Bears. In the story a beautiful young woman has to choose between three men:

one is too boring and creepy, one is too sexy and sleazy and one is juuuuuuuust right. Oh, wait. Sorry. That's Far from the Madding Crowd we're talking about. In this novel by Thomas Hardy, we have not a love triangle but a love rectangle, where three different men vie for the love of super-pretty Bathsheba. This all goes down in the English countryside, which is supposed to be all birdies chirping and little lambs frolicking, but because of this insane foursome, devolves into insanity, dead babies, faked deaths and jealous lovers shooting people in the chest. The title of Far from the Madding Crowd suggests that life is way easier once you leave the hustle and bustle of the big city behind and go to find peace in the countryside. Ha! Not with these characters. They're playing head games and drinking cider and dealing with so much internal drama that it's a wonder that their crops get planted or harvested at all. When Thomas Hardy first published Far from the Madding Crowd in 1874, he hadn't yet become the really big deal he'd go on to be. It was Madding, though, that gave him his first widespread success. And it's not hard to see why. This novel is more chock-full of juicy drama than a pretty English farm is full of adorable lambs. Thomas Hardy would eventually become famous for writing super gloomy stories like Tess of the D'Urbervilles and Jude The Obscure. And you definitely get some of that gloom n' doom in Far from the Madding Crowd. But you also get a little bit of happiness in the end, a little hilarity in the middle, and a glimpse of rural England that makes it seem less William Wordsworth -style idyllic and more Deliverance-style creepastic. Maybe that's why this novel launched Thomas Hardy into the literary big league and inspired four film adaptations: the first in freaking 1915 and the latest due for release in 2015. That's right--this is a novel that's been being adapted to film for one hundred years. Maybe it's because Far from the Madding Crowd is a drama-filled English countryside sex nightmare, or maybe it's just because it contains a bunch of cute moments with baby sheep. You be the judge.

Thomas Hardy was an English novelist and poet of the naturalist movement, although he has shown elements of the previous romantic and enlightenment periods of literature, such as his fascination with the supernatural. He regarded himself primarily as a poet and composed novels mainly for financial gain. The bulk of his work, set mainly in the semi-fictional land of Wessex, delineates characters struggling against their passions and circumstances. Hardy said that he first introduced Wessex in Far from the Madding Crowd, which was his first financially successful novel, so much so that we was able to give up architectural work and pursue a literary career.

The Myth of the Madding Crowd Aug 28 2020 Crowd behavior is one of the most colorful but least understood forms of human social behavior. This volume is a major contribution to the field of collective behavior, with implications for social movement analysis. McPhail's critical assessment of the major theories of crowd behavior establishes that, whatever their particular limitations and strengths, all share a general and serious flaw: their explanations were developed without prior examination of the behaviors to be explained. Drawing on a wide range of empirical studies that include his own careful field work, the author offers a new characterization of temporary gatherings. He presents a life cycle of gatherings and a taxonomy of forms of collective behavior within gatherings, as well as combinations of these forms and gatherings into larger events, campaigns and waves. McPhail also develops a new explanation for various ways in which purposive actors construct collective actions.

Far from the Madding Crowd (1874) Novel by Oct 22 2022 Far from the Madding Crowd is a novel by 19th century English novelist Thomas Hardy, published in 1874. The title is apt, as the life of the book's heroine, Bathsheba Everdene, living in the quiet rural village of Weatherbury is indeed disrupted by the "madding crowd". After shunning the first man to love her, the shepherd Gabriel Oak, she is courted by two others: the lonely and repressed farmer Boldwood, and the charming but faithless Sergeant Troy. The role of fate is clearly established, with each twist and turn in the book being more luck than the choice of one of the characters. The book is widely seen as Hardy's first masterpiece

Far from the Madding Crowd Nov 30 2020 Far from the Madding Crowd (1874) is Thomas Hardy's fourth novel and his first major literary success. It originally appeared anonymously as a monthly serial in Cornhill Magazine, where it gained a wide readership. The novel is the first to be set in Hardy's fictional county of Wessex in rural south west England. It deals in themes of love, honour and betrayal, against a backdrop of the seemingly idyllic, but often harsh, realities of a farming community in Victorian England. It describes the farmer Bathsheba Everdene, her life and relationships - especially with her lonely neighbour William Boldwood, the faithful shepherd Gabriel Oak, and the thriftless soldier Sergeant Troy. On publication, critical notices were plentiful and mostly positive. Hardy revised the text extensively for the 1895 edition and made further changes for the 1901 edition. Plot: Gabriel Oak is a young shepherd. With the savings of a frugal life, and a loan, he has leased and stocked a sheep farm. He falls in love with a newcomer six years his junior, Bathsheba Everdene, a proud beauty who arrives to live with her aunt, Mrs. Hurst. Over time, Bathsheba and Gabriel grow to like each other well enough, and Bathsheba even saves his life once. However, when he makes her an unadorned offer of marriage, she refuses; she values her independence too much, and him too little. Feeling betrayed and embarrassed, Gabriel offers blunt protestations that only foster her haughtiness. After a few days, she moves to Weatherbury, a village some miles off. When next they meet, their circumstances have changed drastically. An inexperienced new sheepdog drives Gabriel's flock over a cliff, ruining him. After selling off everything of value, he manages to settle all his debts but emerges penniless. He seeks employment at a hiring fair in the town of Casterbridge. When he finds none, he heads to another such fair in Shottsford, a town about ten miles from Weatherbury. On the way, he happens upon a dangerous fire on a farm and leads the bystanders in putting it out. When the veiled owner comes to thank him, he asks if she needs a shepherd. She uncovers her face and reveals herself to be none other than Bathsheba. She has

recently inherited her uncle's estate and is now wealthy. Though somewhat uncomfortable, she employs him.... Thomas Hardy, OM (2 June 1840 - 11 January 1928) was an English novelist and poet. A Victorian realist in the tradition of George Eliot, he was influenced both in his novels and in his poetry by Romanticism, especially William Wordsworth. He was highly critical of much in Victorian society, though Hardy focused more on a declining rural society. While Hardy wrote poetry throughout his life and regarded himself primarily as a poet, his first collection was not published until 1898. Initially, therefore, he gained fame as the author of such novels as Far from the Madding Crowd (1874), The Mayor of Casterbridge (1886), Tess of the d'Urbervilles (1891), and Jude the Obscure (1895). During his lifetime, Hardy's poetry was acclaimed by younger poets (particularly the Georgians) who viewed him as a mentor. After his death his poems were lauded by Ezra Pound, W. H. Auden and Philip Larkin. Many of his novels concern tragic characters struggling against their passions and social circumstances, and they are often set in the semi-fictional region of Wessex; initially based on the medieval Anglo-Saxon kingdom, Hardy's Wessex eventually came to include the counties of Dorset, Wiltshire, Somerset, Devon, Hampshire and much of Berkshire, in southwest and south central England. Two of his novels, Tess of the d'Urbervilles and Far from the Madding Crowd, were listed in the top 50 on the BBC's survey The Big Read.

Introducing the fictional name of "Wessex" to describe Hardy's legendary countryside, this early masterpiece draws a vivid picture of rural life in southwest England. Far from the Madding Crowd Jun 18 2022 Far from the Madding Crowd is a novel by 19th century English novelist Thomas Hardy, published in 1874. The title is apt, as the life of the book's heroine, Bathsheba Everdene, living in the quiet rural village of Weatherbury is indeed disrupted by the "madding crowd". After shunning the first man to love her, the shepherd Gabriel Oak, she is courted by two others: the lonely and repressed farmer Boldwood, and the charming but faithless Sergeant Troy. The role of fate is clearly established, with each twist and turn in the book being more luck than the choice of one

of the characters.
