From the 100-part Penguin Great Ideas series comes a rumination on relationships, courtesy of one of the most influential French Renaissance philosophers. Michel de Montaigne was the originator of the modern essay form; in these diverse pieces he expresses his views on friendship, contemplates the idea that man is no different from any animal, argues that all cultures should be respected, and attempts, by an exploration of himself, to understand the nature of humanity. Penguin Great Ideas: Throughout history, some books have changed the world. They have transformed the way we see ourselves—and each other. They have inspired debate, dissent, war, and revolution. They have enlightened, outraged, provoked, and comforted. They have enriched lives—and

destroyed them. Now Penguin Great Ideas brings you the works of the great thinkers, pioneers, radicals, and visionaries whose ideas shook civilization and helped make us who we are. Other titles in the series include Niccolò Machiavelli's *The Prince*, Thomas Paine's *Common Sense*, and Charles Darwin's *On Natural Selection*. You are looking for a great notebook? A close friendship is one of the most influential and important relationships a human life can contain. Anyone will tell you that! But for all the rosy sentiments surrounding friendship, most people don't talk much about what it really takes to stay close for the long haul. Now two friends,

Aminatou Sow and Ann Friedman, tell the story of their equally messy and life-affirming Big Friendship in this honest and hilarious book that chronicles their first decade in one another's lives. As the hosts of the hit podcast *Call Your Girlfriend*, they've become known for frank and intimate conversations. In this book, they bring that energy to their own friendship—its joys and its pitfalls. Aminatou and Ann define Big Friendship as a strong, significant bond that transcends life phases, geographical locations, and emotional shifts. And they should know: the two have had moments of charmed bliss and deep frustration, of profound connection and gut-wrenching alienation. They have weathered life-threatening health scares, getting fired from their dream jobs, and one unfortunate Thanksgiving dinner eaten in a car in a parking lot in Rancho Cucamonga. Through interviews with friends and experts, they have come to understand that their struggles

are not unique. And that the most important part of a Big Friendship is making the decision to invest in one another again and again. An inspiring and entertaining testament to the power of society's most underappreciated relationship, *Big Friendship* will invite you to think about how your own bonds are formed, challenged, and preserved. It is a call to value your friendships in all of their complexity. Actively choose them. And, sometimes, fight for them. In the late 20th and 21st centuries, the meteoric rise of countless social media platforms and mobile applications have illuminated the profound need friendship and connection have in all of our lives; and yet, very few scholarly volumes have focused on this unique and important bond during this new era of relating to one another. Exploring such topics as friendship and social media, friendship with current and past romantic partners, co-workers, mentors, and even pets, editors Mahzad Hojjat

and Anne Moyer lead an expert group of global contributors as they each explore how friendship factors within our lives today. What does it mean to be a friend? What roles do friendships play in our own development? How do we befriend those across the race, ethnicity, gender, and orientation spectrums? What happens when a friendship turns sour? What is the effect of friendship - good and bad - on our mental health? Providing a much needed update to the field of interpersonal relations, *The Psychology of Friendship* serves as a field guide for readers as they shed traditional definitions of friendship in favor of contemporary contexts and connections. Illustrations and easy-to-read text provide a primer on friendship, including the many ways friendships are formed. Though black and white women have long been associated with the heart of southern culture, their relationships with each other in the context of contemporary southern fiction have been

largely glossed over until now. In *Advancing Sisterhood?* Sharon Monteith offers an enlightening map of this new literary ground. Beginning with an overview of the theory and literary incarnations of friendship, *Advancing Sisterhood?* examines how prevalent specific relationships between black and white women have become in the works of Ellen Douglas, Kaye Gibbons, Connie Mae Fowler, Lane von Herzen, Ellen Gilchrist, Carol Dawson, and others. Monteith explains that interracial friendships have become an alluring topic for white women writers. She also examines these friendships in relation to the ways black women writers and critics have pictured black and white girls and women in the South. *Advancing Sisterhood?* explores childhood female relationships in such works as *Ellen Foster* and *Before Women Had Wings* and considers recent ecocriticism and its role in charting the female southern landscape. Monteith also provides an in-

depth examination of the archetypal friendship between white housewives and their black servants. Through these discussions, *Advancing Sisterhood?* demonstrates how contemporary white women writers have broadened their work to include friendships between women of diverse backgrounds and to influence literary expression. Excerpt from *Essays on Friendship and Old-Age*: Translated From the French He has told 'me, 'that as the Prince was, one day coming out of his chamber, where he had read your treatise on Friendship, he said to him - I have just been reading a book, which has made me feel the misfortune of our rank. We cannot hope to have friends! We must repress the most engaging sentiments in life. He felt, my dear Sacy, the necessity of friendship. The sentiments of nature had their full influence over his heart, and majesty disappeared before them. He would have had friends, and he would not have chosen them from the crowd of his flatterers. An ethnographic study of the contemporary meanings, forms, and purposes of friendship about young Egyptians There is a great deal to be said about ideas and imaginations of the “future” when one does not have the luxury of maintaining a slot in the present. In the midst of acute conditions of precarity and structural violences and vulnerabilities of different

forms (political, economic, social, infrastructural) and magnitudes, Egyptians find ways to adapt and adjust, even experiment, with different arrangements and forms of connectedness. By following, tracing, and accompanying friends and networks of friendship in and across Egypt's two biggest cities, Cairo and Alexandria, this ethnographic account aims to highlight some of the contemporary meanings, forms, and purposes of friendship among young Egyptians with the aim of renewing and reviving the question, "What can friendships do?" Against a backdrop of conditions of precarity and the ruins of finance capitalism, this study examines the manifestations of how the relationship of friendship manages to re-invent and re-define itself. Moreover, it asks whether new modes of relationality, companionship, and intimacy can be cultivated and practiced given the current neoliberal conditions of living. The

questions that this study attempts to open up are focused on the re-workings, reconfigurations, and re-makings of practices of sociality and intimacy between friends. "Fascinating . . . The Social Sex is a paean to companionship. Share it with a bosom friend." —NPR From historian and acclaimed feminist author of *How the French Invented Love* and *A History of the Wife* comes this rich, multifaceted history of the evolution of female friendship In today's culture, the bonds of female friendship are taken as a given. But only a few centuries ago, the idea of female friendship was completely unacknowledged, even pooh-poohed. Only men,

the reasoning went, had the emotional and intellectual depth to develop and sustain these meaningful relationships. Surveying history, literature, philosophy, religion, and pop culture, acclaimed author and historian Marilyn Yalom and co-author Theresa Donovan Brown demonstrate how women were able to co-opt the public face of friendship throughout the years. Chronicling shifting attitudes toward friendship—both female and male—from the Bible and the Romans to the Enlightenment to the women's rights movements of the '60s up to *Sex and the City* and *Bridesmaids*, they reveal how the concept of female friendship has been inextricably linked to the larger social and cultural movements that have defined human history. Armed with Yalom and Brown as our guides, we delve into the fascinating historical episodes and trends that illuminate the story of friendship between women: the literary salon as the original book club, the emergence of

female professions and the working girl, the phenomenon of gossip, the advent of women's sports, and more. Lively, informative, and richly detailed, *The Social Sex* is a revelatory cultural history. 'I was fascinated, moved and entertained by every page. This is the kind of book the world needs right now' DONAL RYAN _____ 'My dictionary's first two definitions of 'comrade' are: A close companion. An intimate associate or friend. The third one is: A fellow soldier. My friends have been all those things to me.' In this stunning essay collection, award-winning journalist Rosita Boland explores the many friendships that have shaped her life. Surprising and beautiful, she writes about the imaginary friends of early childhood, books that have provided companionship and joy, kindred spirits met while travelling, the friend she hoped might become something more, and also the friendships that become lost over time. Life-affirming, affecting and wise,

Comrades is a powerful exploration of what it is to live, to connect, and to be human in this world. _____ 'An absorbing journey along life's tracks and trails.' THE SUNDAY TIMES IRELAND 'A moving, beautiful and deeply felt meditation on friendship, loyalty and connectedness in a disconnected world' HILARY FANNIN Figure out what you want out of your friendships, how to be a good friend, how to resolve conflicts, and much more! Full of practical tips, insightful quizzes, and relatable examples, *Making and Keeping Good Friends* is the resource you need to figure out friendship. Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has

stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a

volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.
