It is complementary to the Northwestern Ontario Forest Ecosystem Classification which describes forested communities. The classification is intended to help resource managers make informed decisions about wetland management and conservation. It consists of keys, fact sheets, descriptions of vegetation communities, and environmental data summaries for 36 wetland community types. The classification is based on the analysis of vegetation, soil, and water data from field samples collected in plots in north-western Ontario wetlands. Also includes descriptions and illustrations of six wetland toposequences, an overview of wetland succession and stability, and a glossary. It is not only an exercise in comparative economic history but it also relates these institutions to wider world markets, thereby clarifying their functions and how they related to the general financial and economic framework. Students and researchers in economic and social history will welcome the reissue of this groundbreaking account of two historically important institutions in a crucial period of their development. Financial practitioners and others will also find much of interest here, in terms of both fascinating history and of insights into an era when a global market was rapidly evolving largely free of the twentieth-century distortions and hindrances introduced by wars, interventionist governments and exchange controls. "The Confederate cruiser Shenandoah was the last of a group of commerce raiders deployed to prey on Union merchant ships. Ordered to the Pacific Ocean to "greatly damage and disperse" the Yankee whaling fleet in those waters, the Shenandoah's successful pursuit of her quarry compares favorably with the exploits of the more celebrated Alabama and Florida but has never been as well known because it coincided with the war's end. It was, however, one of the best documented naval expeditions - from England to the Indian Ocean, Australia and the South Pacific, the Bering Sea, San Francisco, and finally to port in Liverpool - during the Civil War."--BOOK JACKET. Colombia occupies the northwest corner of South America. It has an area twice that of France and almost twice Texas, with long coasts on the Caribbean and the Pacific oceans, mountainous regions, and Amazon jungle areas inland. The ethnic groups and cultures are diverse. The country has something to offer almost any traveler. Pick a climate, and it's yours-if you find the light jacket weather of Bogotá cold, drive an hour down through the mountains and sunbathe next to the pool of your rented hacienda. If you don't want to sit still, head off into the Amazon or any of the country's other many inland jungles, snow-capped volcanoes, rocky deserts, endless plains, lush valleys, coffee plantations, mountain lakes, deserted beaches. For culture, intellectual Bogotá might lead the rest of Latin America in experimental theater, indie-rock, and the number of bookstores, but you could also get a completely alien education in an Amazonian malocca, or you could delve into the huge Latin music scene of salsa and cumbia, with the most exciting dance display being the enormous Carnival of Barranquilla. For history, wander the narrow streets of South America's original capital in Bogotá, check out old Spanish colonial provincial retreats like Villa de Leyva, trek through the thick jungle-covered mountains of the northeast to the Lost City of the Tayrona Indians, and walk the walls of Cartagena's achingly beautiful old city, looking over the fortified ramparts upon which the colonial history of South America pivoted. For nightlife, hot Cali is today's world capital of salsa, claiming that competitive distinction over Colombia's other vibrant big-city party scenes, which keep the music going long into the small hours of the morning. The hipsters' playground is found around the El Poblado neighborhood in Medellín downtown. For dining, you'll find everything from the ubiquitous cheap, delicious Colombian home-style meals to world-class upscale and modern culinary arts in the big cities, with cuisines from all corners of the world represented. And for relaxing, there are gorgeous tropical beaches along Colombia's Caribbean and Pacific coasts, but you can find even more laidback and peaceful retreats on the idyllic and unspoilt Caribbean island of Providencia. The political violence has subsided substantially throughout the majority of the country and savvy travelers have already flocked here from around the world-come before everyone else catches on! Practical tips on everything from the best-value hotels and restaurants to transport and roads. Lively accounts of the monuments and sites with informed treatment of Moroccan culture, past and present. Evocative descriptions of the routes and landscapes from mountain pistes to age-old caravan trails across the desert. Comprehensive coverage of trekking in the high Atlas, windsurfing on the Atlantic coast and bird watching in the lakes and estuaries. Full colour photos and more than 70 maps. Ottawa County Ohio Fishing & Floating Guide Book Over 300 full 8 ½ x 11 sized pages of information with maps and aerial photographs available.
