A Single Man Jul 26 2020 Welcome to sunny suburban 1960s Southern California. George is a gay middle-aged English professor, adjusting to solitude after the tragic death of his young partner. He is determined to persist in the routines of his former life. A Single Man follows him over the course of an ordinary twenty-four hours. Behind his British reserve, tides of grief, rage, and loneliness surge—but what is revealed is a man who loves being alive despite all the everyday injustices. When Christopher Isherwood's A Single Man first appeared, it shocked many with its frank, sympathetic, and moving portrayal of a gay man in maturity. Isherwood's favorite of his own novels, it now stands as a classic lyric meditation on life as an outsider.

Dutch May 04 2021 This book, the only biography ever authorized by a sitting President--yet written with complete interpretive freedom--is as revolutionary in method as it is formidable in scholarship. When Ronald Reagan moved into the White House in 1981, one of his first literary guests was Edmund Morris, the Pulitzer Prize-winning biographer of Theodore Roosevelt. Morris developed a fascination for the genial yet inscrutable President and, after Reagan's landslide reelection in 1984, put aside the second volume of his life of Roosevelt to become an observing eye and ear at the White House. During thirteen years of obsessive archival research and interviews with Reagan and his family, friends, admirers and enemies (the book's enormous dramatis personae includes such varied characters as Mikhail Gorbachev, Michelangelo Antonioni, Elie Wiesel, Mario Savio, François Mitterrand, Grant Wood, and Zippy the Pinhead), Morris lived what amounted to a doppelgänger life, studying the young "Dutch," the middle-aged "Ronnie," and the septuagenarian Chief Executive with a closeness and dispassion, not to mention alternations of amusement, horror, and amazed respect, unmatched by any other presidential biographer. This almost Boswellian closeness led to a unique literary method whereby, in the earlier chapters of Dutch: A Memoir of Ronald Reagan, Morris's biographical mind becomes in effect another character in the narrative, recording long-ago events with the same eyewitness vividness (and absolute documentary fidelity) with which the author later describes the great dramas of Reagan's presidency, and the tragedy of a noble life now darkened by dementia. "I quite understand," the author has remarked, "that readers will have to adjust, at first, to what amounts to a new biographical style. But the revelations of this style, which derive directly from Ronald Reagan's own way of looking at his life, are I think rewarding enough to convince them that one of the most interesting characters in recent American history looms here like a colossus."

Savitri – The Golden Bridge, the Wonderful Fire Jan 20 2020 Almost all of the essays collected in this volume were written for and first published as monthly instalments in Next Future, the e-journal of the Sri Aurobindo Society Pondicherry. The 47 instalments ended with the passing of Dr. Nadkarni in September 2007, and cover Savitri Book by Book, Canto by Canto, from the beginning up to the climactic point in the middle of Book Eleven, where Savitri is offered four boons of merger with the Supreme, and asks instead for the Supreme Peace, Oneness, Energy and Bliss 'for Earth and Men'. Dr. Nadkarni has written other essays on Savitri as well as giving many other talks, but this collection represents a masterly 'Introduction' (as he modestly called it) to the revelatory poem which he loved so much and understood so well. It has been compiled and published at the request of his family, and we feel sure that it will be welcomed by Savitri readers and students all over the world, and to a certain extent make up for the great loss that his many admirers experienced when he passed away in September 2007 at the age of 74.

Tired Teens Jun 17 2022 A Mayo Clinic pediatrician's guide to the causes of fatigue in teenagers—and finding the care they may need. What happens when a perfectly healthy teen suddenly becomes tired and lethargic? In Tired Teens, Dr. Philip R. Fischer draws upon decades of experience as a pediatrician to pinpoint causes of chronic fatigue in teens and explains how teens and parents can help combat these debilitating conditions. Preparing for college applications, keeping up with schoolwork, and balancing a variety of extracurricular activities, all while maintaining a social life, is causing modern-day teens to become overworked and under-rested. While some students manage to keep up with this packed schedule, many teens go from being A+ students to barely being able to get out of bed in the morning. Some causes of excessive tiredness, like lack of sleep and improper sleep hygiene, can be easy to remedy. However, other causes, like digestive problems, hormonal changes, and postural orthostatic tachycardia syndrome (POTS), may require more serious care. In Tired Teens, Dr. Fischer explains how to identify the warning signs and symptoms of chronic fatigue in teens, helping you determine if your teen's excessive tiredness is simply a symptom of a busy schedule, or the result of an unexpected disorder, like autonomic dysfunction and POTS. Finally, the book provides expert advice on receiving an evaluation and diagnosis for adolescent fatigue, and outlines different treatment plans available to those diagnosed with this invisible illness. By simplifying these issues in a clear and digestible way, Dr. Fischer makes it easy for teens and parents to learn how to manage and treat persistent tiredness. Whether you're a teen experiencing chronic fatigue or the parent of one, Tired Teens offers hope and guidance about how to overcome chronic fatigue and POTS for good.

The Bolthole a Novel of New Zealand Feb 01 2021 The fates of three tormented men, born as many eras apart, come together in a rock cave on the Coromandel peninsula of New Zealand— Tama of the Ng?tei Hei, Billy Green in the days of gold, and Dr. Sababa from across the ocean— seeking revenge, discovering treasure, and searching for redemption. Inside The Bolthole, on a mossy platform, is the skull of a Maori chieftain, the silver button of a British Naval captain, and a greenstone club. Here their thrilling life and death stories of obsession begin by hurtling down the shoreline of the same beach, and end in the fierce battles that left the coastal sands white with bones.

The Second Coming of Mavala Shikongo Dec 31 2020 Set in Namibia just after independence in the early 1990s, Peter Orner's first novel is a chronicle of the long days, short loves, and cold nights at Goas, an all-boys Catholic primary school so deep in the veld that "even the baboons feel sorry for us." Though physically isolated in semi-desert beneath a relentless sun, the people of Goas create an alternate, more fertile universe through the stories they tell each other. The book's central character is Mavala Shikongo, a combat veteran who fought in Namibia's long war for independence against South Africa. She has recently returned to the school -- with a child, but no husband. Mavala is modern, restless, and driven, in sharp contrast to conservative Goas. All the male teachers (including a bumbling but observant volunteer from Cincinnati) try not to fall in love with her. Everyone fails -- immediately and miserably. This extraordinary first novel explores the history of a place through the stories of its people. But above all it's about the fleetingness of love and the endurance of fellowship.

How to Live. What to Do Aug 07 2021 A brilliant psychoanalyst and professor of literature invites us to contemplate profound questions about the human experience by focusing on some of the best-known characters in literature—from how Virginia Woolf's Mrs. Dalloway copes with the inexorability of midlife disappointment to Ruth's embodiment of adolescent rebellion in Kazuo Ishiguro's *Never Let Me Go*. "So beautiful ... a fantastic book." —Zadie Smith, best-selling author of *White Teeth* In supple and elegant prose, and with all the expertise and insight of his dual professions, Josh Cohen explores a new way for us to understand ourselves. He helps us see what Lewis Carroll's Alice and Harper Lee's Scout Finch can teach us about childhood. He delineates the mysteries of education as depicted in *Jane Eyre* and as seen through the eyes of Sandy Stranger in *The Prime of Miss Jean Brodie*. He discusses the need for adolescent rebellion as embodied in John Grimes in James Baldwin's *Go Tell It on the Mountain* and in Ruth in Kazuo Ishiguro's *Never Let Me Go*. He makes clear what Goethe's *Young Werther* and Sally Rooney's *Frances* have—and don't have—in common as they experience first love; how Middlemarch's Dorothea Brooke deals with the vicissitudes of marriage. Vis-a-vis old age and death, Cohen considers what wisdom we may glean from John Ames in Marilynne Robinson's *Gilead* and from Don Fabrizio in Giuseppe Tomasi di Lampedusa's *The Leopard*. Featuring: • Alice—Lewis Carroll, *Alice's Adventures in Wonderland / Through the Looking Glass* • Scout Finch—Harper Lee, *To Kill a Mockingbird* • *Jane Eyre*—Charlotte Brontë, *Jane Eyre* • John Grimes—James Baldwin, *Go Tell It on the Mountain* • Ruth—Kazuo Ishiguro, *Never Let Me Go* • Vladimir Petrovitch—Ivan Turgenev, *First Love* • *Frances*—Sally Rooney, *Conversations with Friends* • *Jay Gatsby*—F. Scott Fitzgerald, *The Great Gatsby* • *Esther Greenwood*—Sylvia Plath, *The Bell Jar* • *Clarissa Dalloway*—Virginia Woolf, *Mrs. Dalloway* • And more!
